JEMKIRK L. UTANA

Full-Stack Web Developer

Makati City, Philippines | 09924562100 | jemkirku0907@gmail.com | jemkirk.vercel.app | linkedin.com/in/jemkirk-utana-825892420

PROFESSIONAL SUMMARY

BS Computer Science student and full-stack web developer building practical web apps with Next.js, React, Supabase, PostgreSQL, PHP, MySQL, Tailwind CSS, and Vercel. Experienced with production-facing features, dashboards, booking flows, responsive UI, deployment checks, and portfolio projects for real estate, AI, healthcare, productivity, and community systems.

EDUCATION

University of Makati - BS Computer Science *2025 - 2029*
Makati City

Makati High School - TVL ICT Programming *2023 - 2025*
NC III Graphic Design

EXPERIENCE

Officium Inc. / Marajo Group - Web Developer Intern *2026 - Present*
Next.js, React, Supabase, PostgreSQL, Vercel, Tailwind CSS

- Developed and supported production-facing web features across frontend and backend tasks, including dashboards, booking flows, responsive pages, and deployment checks.
- Handled implementation checks, layout refinements, integration tasks, and maintenance updates while gaining real-world full-stack development experience.

PROJECTS

Marajo Group Real Estate Platform *2026 - Present*
Next.js, Supabase, PostgreSQL, Vercel, Cloudflare Turnstile

- Built and supported property listings, booking-system improvements, admin dashboard functionality, responsive UI updates, and deployment work.

Suri.AI - AI Fact-Checking Platform *2026*
Node.js, Express, Claude API, JavaScript

- Built a hackathon prototype that evaluates submitted claims and surfaces related verified or debunked articles through an AI-assisted backend proxy.

Personal Portfolio - jemkirk.vercel.app *2026*
Next.js, TypeScript, Tailwind CSS, Vercel, Gemini API

- Developed a public portfolio with projects, certificates, tech stack, resume access, GitHub activity, Gemini-powered chatbot, and canvas mini game.

QUACC Child Care Center System *2025*
PHP, MySQL, Bootstrap

- Developed multi-role admin, staff, and guardian workflows with file uploads, password hashing, OTP verification, and backend CRUD functionality.

TRAINING AND CERTIFICATIONS

NC III Graphic Design - TESDA, May 2025 | Microcadd / TESDA Graphic Design Training - April-May 2025 | Makati Health Department Work Immersion - March 2025 | AI Tech 2.0 - Participant, April 2026 | Batang Techno Hackathon - Participant, March 2026

SKILLS AND INTERESTS
